ABSTRACT

Presented in this document are statistical tables showing the distribution of scholarship grades for the academic year 1973-74 at the University of California at Berkeley. The data is divided by the department and listed under lower division courses, upper division courses, graduate division courses, professional courses, and graduate 601-602 courses. The courses are arranged in alphabetical order. This distribution of grades for 1973-74 shows a continuation of the relatively stable pattern of recent years. Previous analyses reported for the years 1970 through 1973 indicate a trend during the 1960's and into the early 1970's for increased proportions of A grades to be awarded by teaching departments. REMARKS

The distributions of scholarship grades for the academic year 1973-74 show a continuation of a relatively stable pattern in recent years following several years of change. Previous analyses reported in this publication for the years 1970 through 1973 indicate the trend during the 1960's and somewhat into the early 1970's for increased proportions of A grades to be awarded by the teaching departments. Interested readers may wish to refer to these past publications for charts and diagrams on grading trends at Berkeley over the last decade.

EXPLANATORY NOTES

- 1) Designation of grades: A (excellent), B (good), C (fair), P (pass without definite grading at a level of performance corresponding to letter grade C- or better); D (barely passing), F (failure), N/P (not passed); I (student's work of passing quality but incomplete), I/P (in progress; final grade to be assigned upon completion of entire course sequence); NR (no report; this is not an official grade, but a Registrar's symbol used to indicate that no letter grade has been assigned to the student by the instructor); S (satisfactory, graduate only); U (unsatisfactory, graduate only).
- 2) Individual graduate study courses in the 600 series are shown on a separate table.
- 3) Law courses are not included.
- 4) Due to the nature of the data used to compile this report, G courses (i.e., graduate core courses for students who were not undergraduate business majors) in Business Administration, which technically should be included at the Graduate Division Level, have been combined with Business Administration courses at the Upper Division Level.
